**8 Attitude To Risk And Investment****Our approach to choosing institutions Please read the following statement to your client**

When you use Dynamic Cash Management, DCM choose institutions regulated in the UK that pass their assessment of financial security. They also spread your money to make more use of investor protection. Reducing your risk in these ways is one of the key aspects of the DCM service. Dynamic Cash Management avoid some institutions for example because they are extremely small or because they have a weak overseas parent or because they believe they could be in other sorts of financial trouble. Are you comfortable with Dynamic Cash Management adopting their normal approach and exercising their judgement in choosing banks and building societies to use?

Yes      No\*

    

\*If the Client chose No to the question above, please arrange for them to contact a representative of Dynamic Cash Management to discuss their concerns. We are able to tailor our approach to take account of their concern and to do so we would like to understand their attitude to risk better and discuss the most appropriate portfolio for them (contact details can be found at the top of this page).

An 'enhanced protection' option is available. If this is selected then we will keep your client's capital within statutory investor protection levels and a portion of their portfolio may be placed in an NS&I deposit.

**Selecting this option is likely to result in a lower interest rate than the standard service.**

Yes      No

### 9 Liquidity

In the boxes below please state when the client will need access to their cash.

There is the facility to split your cash so the client has access to different amounts at different notice periods (for example £500,000 could be split as follows: £100,000 within a few days, £100,000 within 6 months and £300,000 within 24 months).

If the client knows they will need to make a withdrawal by a specific date (perhaps they have a tax bill in January next year) please specify the date below, otherwise we will assume a rolling notice period (so, for example, if we are told the client needs access to the money 'Within 6 months' the money will be available to you around six months after the date that the client inform us that they make a withdrawal).
